

Alarm System for The 3 Bears: A Creative Challenge December 5th-20th

Challenge: You have been hired by the 3 bears to create an alarm system they can use for their doors to prevent any more unwelcomed visitors like Goldilocks.

You may choose only 6 items from the cart to help you create your alarm. You will need to demonstrate your alarm to your client (your teacher is representing the 3 bears today). Plan out your alarm before you go to the cart, because you only get 6 item!

You may work in a group or by yourself.
